Web Portfolio: <https://colelongdeveloper.com>

Highly motivated web developer with experience in designing, developing, and troubleshooting websites and web applications. Skilled in Vue.js, Laravel PHP, SQL, HTML, and SCSS, with a focus on improving user experience and optimizing application features. Collaborative team player with a strong work ethic and self-initiative. Known for attention to detail, problem-solving skills, and ability to adapt to new technologies. Seeking a challenging position where I can utilize my technical skills and creativity to deliver innovative web solutions.

## Professional Experience

### Web Developer Intern

McCurdy Real Estate & Auction | February 2023 - Present

- Development in Vue.js, Laravel PHP, SQL, HTML, and SCSS.
- Updating website content.
- Providing troubleshooting assistance.
- Investigate, fix, and optimize application features.
- Collaborating with others within the organization to gather information on streamlining processes and technology.
- Improving UI/UX templates.
- Acquire knowledge of the codebase & systems by working closely with lead developers.

### Web Designer

Rural Messenger | June 2019 - April 2020

- Designed digital classified advertisements for the Rural Messenger website.
- Collaborated with co-workers remotely to deliver a bug-free browsing experience for website users.
- Utilized HTML and CSS to style new websites for Kansas Authors and other clients.
- Prioritized the use of Adobe Suite Applications, including InDesign, Photoshop, and Illustrator, to create engaging, modern-looking advertisements.
- Navigated WordPress and updated web auction listings to ensure accurate and up-to-date information for potential buyers.
